34365 MORAVIAN DRIVE

FRASER, MICH.

Look what's new inside . . .

Here's the Latest in African Violets . . .

No matter how many violets you have now, these brand new creations have proven to us that something new is always something better too! And we've had them here on trial long enough to say "violets like these will make your collection the envy of your friends and neighbors"! So much year-round beauty for so little!

These new violets will be a surprise to you, for you have unusual foliage and new styling in the flowers, too! How long has it been since you've added something new to your violet collection? Obey that impulse today and order some of these! The expense is very modest for the generous dividends you'll receive in pleasure and beauty.

SPARKLING WATERS: Here's a standout for original coloring! Flowers boldly marked with two distinctive colors, intense royal blue flowers with velvety pansy-purple rays from the center also have a peppery design. A smooth color combination and always in bloom! **\$2.25**

CACTUS GIRL: This is for the collector, no doubt about it! Say you already have 50 named varieties, you're looking for "something different". You've never seen a violet so well named. Cactus Girl has a ruching on those leaves that can't seem to be ruffed up enough, and even the exotic glowing claret wine flowers have a cactus fringe! **\$3.25**

HOLLYWOOD ACE: A brand new kind of a leaf for our violet fans who thought they had 'em all. You can roll this leaf up like the cowboys roll their cigarettes, cause they're not juicy. Great big scrumptious dark double purple flowers. Violets like these make people like me wonder "what are they going to have new next?" **\$3.25**

AUTUMN FROST: Winsomely ruffled yet neat as a pin, a smooth pastel lavender shade with a pearly iridescence, against wonderfully dark scalloped foliage. Quietly beautiful, and very dependable. **\$1.75**

VALOR: A wonderful shade of richest deep black-violet in the velvety shades you've seen in purple petunias, fine in every way and a vigorous grower which deserves the popularity it enjoys. An impressive piece of color, loaded with large blossoms on strong stalks. **\$1.75**

WINTERY ROSE: You have a real surprise in store for you when you see this very original double in vibrant garnet-red with a wintery white halo on every petal! Fully double and it's "color-fast" too! These crisply cut flowers certainly add life to a connoisseur's collection and we're recommending it for beginners, too! **\$2.25**

Rose Wing

\$3.25

Here's a colorful new variety in a pattern you've not seen before!

It's a deep marbleized orchid-rose when it first opens, with loads of coloring especially around that crested yellow stamens in the center, yet as the flowers expand to full size, the marbleized coloring

"stretches out" and you'll see a wee bit of white in the background. Then the ruffling at the petal edges really shows off! You'll love those saucy ruffles!

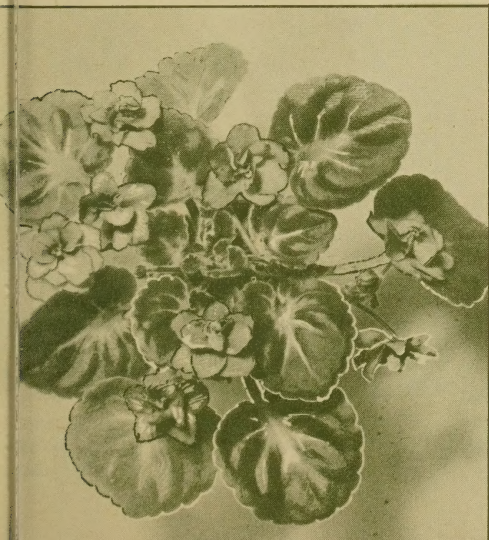

Sailor's Delight

\$1.50

Here's a free-blooming blue violet that we like to sell for it has easy-to-pack supple foliage, and we get lots of plants from each leaf cutting. It's priced low too!

If you've never ordered from us before, let us prove that we know how to pack our violets!

Double Flowering

Wintergreen

\$3.50

A rare violet indeed, growing exactly as pictured! The foliage is speckled chartreuse and marbled forest green, with

double white flowers that are tinted light blue in the center. Really different, brand new and a sensation when exhibited for the first time at the African Violet Convention held in Nashville, Tenn., in April 1954! This variety makes a fine gift plant.

Fluffy Double

\$1.75

We were pleasantly surprised to find this was No. 3 in our Popularity Poll for Spring 1955!

Whole clusters of foamy white flowers edged in rose or blue makes it so special. A vigorous grower and an easy bloomer, every bud will unfurl slowly and the large flowers will last a long time! Makes a real bouquet!

Start your collection today by giving "a gift to yourself." Order *Fluffy Double* now, it's sure to be your favorite also!

Lavender Beauty

\$1.50

If you're a beginner and violets are new to you, we recommend *Lavender Beauty*. It's easy to grow, always in bloom, and priced low to start your collection. Dependable!

The picture is an excellent likeness. Petals have a soft satiny finish and glisten with frosty particles, in a true pastel lavender. Don't be a Doubting Thomas, but prove to yourself that our violets do grow and bloom as we say they will!

Double-Flowering

Queen Neptune

\$1.75

There are so many large sized fully double flowers of darkest blue, that it may be difficult to see where each blossom starts: If you need this color in your collection, or if you have no

doubles now, we recommend *Queen Neptune* for its beautiful dark green quilted foliage, that commands attention for the wonderful satiny gleam—and because it's the BEST in its class!

Velvet Girl

(2-tone red)

\$2.50

The two uppermost blossoms in the accurate photograph above will tell you more than words can describe. When I first saw this variety I thought of "Pansy-Puss." It's clean-cut and adorable and a very good bloomer, with outstanding fluted foliage.

The lower petals are mostly a dark orchid I'd say, but with a permanent red-garnet edging at the outside tip. The two upper petals are solid in tone with the same velvety dark red-garnet coloring and it does not fade out. Something new in African Violets!

This captivating pansy-like flower has an endearing personality and a warm and unassuming nature, and the two colors have an instant appeal. No other like it. Easy to grow—lots of flowers.

African Violets are just the gift when you want to say "I'm thinking of you." A hundred kindly thoughts will not register like one actual gift of plants such as we furnish. Gift wrapped and guaranteed to please! All prices are "postpaid."

Confirmed gardeners are happy people . . . they develop and revel in beauty around their homes. You forget worries and troubles in tending a garden. Your windowsill garden of African Violets will be a real year-around pleasure!

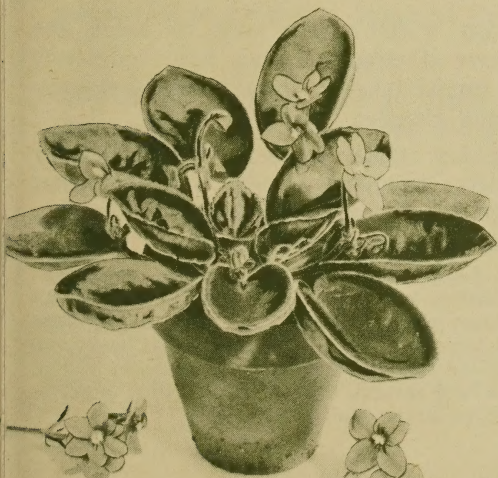

double-flowering

*Blue
Peak*

\$1.75

Crisp sugar-white edging against marine-blue petals remind you of snow-capped peaks!

Read more about this 3-in-1 newcomer!

Oriental

\$3.50

Really exotic, one of those eye-catching fantastic varieties that even an ardent collector will exclaim over!

Foliage so different from anything you've seen!

Ruffled Queen

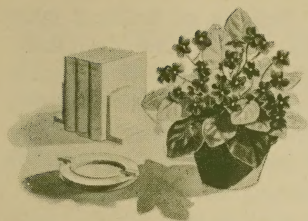

fringed dark burgundy

\$3.25

Here's an African Violet that's sure to catch the roving eye! The above photograph does not completely do this plant justice for we tried to show both the flowers and the robust foliage clearly.

Never before has any variety been No. 1 Best Seller every season since its introduction! It's a record that hasn't been topped, and if you must limit yourself to just one plant, order Ruffled Queen!

WORD PICTURE: Long lasting flowers, velvety dark burgundy, of giant size and heavy substance, with each petal so ruffled and frilled it gives the appearance of being edged with lace of a lighter shade than the rest of the flower. As each bud unfolds it's a joy to behold for the crinkled edges remind you of starched ruffles even on the reverse of the blossoms! A superior bloomer with well-branched flower stalks.

Destined for top popularity. You'll have to own it some day. Why not now? **\$3.25**

BI-COLOR: A pretty African Violet that is sure to please you because it is different and grows quickly. Flowers have plum colored tips on the upper 2 petals which are a beautiful contrast to the pale orchid coloring of the rest of the blossom. Very dark foliage. Dependable too! **\$1.00**

BLUE BORDER: A dreamy new creation in white, with faint marbleizing of blue, so smooth in color tone. It carries more open flowers and buds per stalk than any other newcomer, regardless of color! Smooth flowers that twinkle and glow! **\$1.25**

BLUE HEIRESS: Spectacular 2 1/2" flowers of brilliant blue which will make your collection the envy of the neighborhood! The heavily scalloped foliage has pencil-thick stems which grow in perfect rosette form. BLUE PEAK: Here's your 3-in-1 violet all in one plant if your collection lacks a double, needs a marine blue, and if you've been eyeing those 2-tone combinations with sugar-white petal edges! We've counted 18-20 petals on bouquet-type flowers. The picture on Page 7 shows this fancy newcomer! **\$1.75**

BRONZE BLUE BEAUTY: Suppose the slow-growing giants aren't for you? Let us tell of the virtues of "BBB". You'll count more flowers fully 1 1/2" size on this variety than on any other dark blue you now have! Now to the leaf: so waxy, so shiny and dark! Compact girl foliage. **\$1.00**

DOUBLE VELVET GIRL: For a vibrant color note, this sport from Velvet Girl takes full honors! The gloriously rich red-garnet 2-tone puffy flowers will make this your most prized possession! Oh, if only we had a true-color catalog so you could see for yourself! Livelier, radiantly different and without question our largest and fullest double African Violet! **\$2.25**

FLUFFY DOUBLE: Sparkling white fluffy double blossoms of wax-like substance, center petals shaded with light blue-rose and with a bright golden stamens in the middle, truly remind you of summer skies and billowing clouds on a sunny day! See photo on Page 4. **\$1.75**

GIANT PURPLE MONARCH: Unmatched regal dignity and size! Words I knew would not impress you so I took a flower and traced around it with a pencil, then put a Silver Dollar over my drawing. View this scribbly "art work" (with my sincere apologies) on Page 19! This luxurious velvety purple-black beauty with claret undertones is massive and full formed. **\$2.00**

GYPSY: Really bright rose-orchid, a color which will attract much attention in your home. One of the newer violets we've been growing in quantity to be priced low for new enthusiasts. If you have a limited amount to spend for violets we know you'll enjoy owning our Gypsy. Always many large round flowers with smooth coloring! Girl-type leaf **\$1.25**

HI LOA LIGHT BLUE: My own favorite from over 100 new introductions that I've purchased from leading hybridizers over a period of 2 years, so I've had lots of time and varieties to choose from. Why it's my choice? Umpteen flowers of wonderful size and coloring all heavily frilled and umpteen flower stalks! I like the easy-blooming ones'. . . **\$1.75**

HOLLY: If only this could be shown in color because the foliage of Holly must be seen to be realized! Darkest bronze green, very frilled and pointed crisply at the edges and royal purple beneath. Truly the darkest leaf and the shiniest leaf you've ever seen! No other variety in our catalog has a leaf like Holly. Lots of blue flowers too. **\$1.75**

LADY GENEVA: You don't have to look twice to notice the white edging on this dark purple, it's so very striking! Easy to grow, not temperamental, and a wonderful bloomer. Not one of the "newest" but among the nicest! **\$1.75**

LAVENDER BEAUTY: Not new but so distinguished and well established in all collections that we illustrate it right up front . . . see page 5. Lavender Beauty ranks with Velvet Girl as the 2 finest and most beautiful time-tested violets of today. Exquisite fresh silvery lavender, melting softness of color, petals that glisten, countless widely opened large flowers on well branched stems . . . all the superior qualities that guarantee a high rating in our Best Seller list! **\$1.50**

LITTLE ARISTOCRAT: Much-travelled enthusiasts who have seen them all tell us that this is by far the most exotic of this new series of frilly edged doubles! Holly-type foliage, and darkest purple wavy petaled double flowers display a golden stamen; gives this jaunty newcomer real personality! **\$1.75**

MARY THOMPSON: Frilled, fully double light lavender, whose lacy charm created a sensation and brought rapturous comment from visitors here! Our own high estimation of this enchanting creation can be noted by customers who have been getting our catalog regularly . . . observe that we've eliminated four pastel varieties regardless of their popularity! **\$1.75**

OHIO BOUNTIFUL: The creation of the double pink has been a fascinating chapter in African Violets! The vogue for double pinks that has swept the country since their display at the Convention in St. Louis in 1954 left critical fanciers breathless with surprise! Pinks had been restricted to single flowers and Ohio Bountiful represents a real triumph! It fills that long vacant niche in the violet field—the double pink! Cuttings from mother plants have bloomed for us, and Ohio Bountiful is not to be confused with untested semidoubles that revert or show off-colors. We know you'll agree that it's all we say it is, a large flowered prolific bloomer and really double! **\$3.25**

ORIENTAL: We're not going to talk about the flowers on this violet. It's the leaf that's so unique! Notice the trim growing habit. Note that it does bloom, medium blue. But away with details! Never have you seen a glowing red-backed leaf shaped so much like miniature canoes! Very rare and unusual. Pictured on Page 7. Our supply is limited. **\$3.50**

PAINTED GIRL: Cheerful snappy sparkling white with red edging, or a star-like pattern . . . there's whole clusters of gaily assorted designs . . . very popular! Lots of good sized flowers held firmly above the foliage. The beautiful frilled "girl" type leaves make this a very lively combination. **\$1.25**

PINK ANGEL: A robust growing plant and one that blossoms freely, in a lovely pastel pink. There are many widely opened flowers at a time, and the smooth tailored foliage is quite dark, sometimes reddish underneath. **\$1.00**

PINK CHAMPAGNE: A truly bright pink with the center lots deeper in coloring, and a lavish show of blossoms on each tall stalk. If you've been getting our catalog regularly, you know we've never had a frilly-edged pink! **\$1.75**

PINK CUSHION: Yes, this is a brand new double pink, and it's really double and also a very bright pink! The foliage is a lovely green, and the plants grow neatly, blossom very easily and we've grown it fairly for more than a year. Yet when we have a patch of Ohio Bountiful growing alongside, our retail customers here at our greenhouses will pay \$1.00 more and take Ohio Bountiful! Which do you prefer? Our price on double bright pink PINK CUSHION is . . . **\$2.25**

QUEEN NEPTUNE: Our Spring 1950 catalog listed this one for the first time, and now it is priced low so as to be in YOUR collection! Fully double flowers with each petal placed "just so" to form a beautiful bloom of darkest blue. See our illustration on Page 5! A real novelty! **\$1.75**

RAINBOW GIANT: Bold and manly in appearance, a lusty grower possessing super sized flowers of burgundy red, each petal narrowly edged with snowy white. **\$1.50**

RED KING: Think of a rich burgundy wine against velvety foliage of darkest green. The connoisseur will be proud to exhibit this variety at Flower Shows where it will surely win prizes for its free-blooming habit. We have counted more blossoms on Red King than any other variety we grow! We've seen many newer "reds" but still prefer the captivating Red King for its exceptionally fine windowsill qualities. For a rare treat, display Red King next to baby blue Sailor Girl! It's illustrated on Page 21. **\$2.25**

ROSE WING: Lacy ruffling and wonderful texture, so cool and morning fresh, Rose Wing captures your attention and admiration! These immense flowers, white overlaid with rose, are widely opened and heavily fringed with a tatting-like edging, and display more coloring in the center! Here's Show Plant perfection! Accurately pictured on Page 3. **\$3.25**

RUFFLED QUEEN: Leading hybridizers are still working to produce new seedling hybrids with that spectacular fringe that Ruffled Queen alone possesses! All that has been said about this gorgeous creation is true but it has to be seen to be realized . . . aristocratic Silver-Dollar sized flowers that will give you a thrill every time you talk violets! If you have a violet fan that you owe a present to, nothing could please her more than to own this rare gem! Fringed dark burgundy flowers, and it's pictured on page 8. **\$3.25**

SAILOR GIRL: Softest baby blue, a shade deeper in the center and a prolific bloomer. Display this one next to your pink violets! Very dependable and modestly priced. **\$1.00**

SAILOR'S DELIGHT: This double-flowering light blue is especially suited for beginners for it's an abundant bloomer and is compact, very easy to grow. **\$1.50**

SCARLET RED: Here's an African Violet Cousin (*Episcia Cocinea*) that will catch the eye of every visitor with those unusual trumpet shaped scarlet-red flowers! The extra large bronze foliage has emerald green markings, and provides variety and adds interest to your collection. You'll like it on a glass topped coffee table, to use as a conversation piece! Maybe that's why it remains in our "Top 5 Popularity List?" Really different, but turn to Page 23 and see for yourself! **\$2.75**

A strong grower, producing many white and blue double flowers, with variegated foliage speckled with dark green. Rare and very choice! **\$3.50**

It is Easy to Grow African Violets

In the past, some have felt that African Violets were temperamental, but with just a few simple suggestions, you're sure to be a confirmed enthusiast! Let's visit a while, and I hope you'll be persuaded to give your green thumb a chance to show you how lovely your windowsills can be.

I wish I could convince everyone that my healthy plants, plus a Wik-fed pot, a window, and my good special potting soil is all that you need to have an abundance of bloom. It's just that simple! Let's suppose that you have all these things, and from now on it is just a few hints on culture you need to keep your plants looking nice. They need some sunlight.

If you mix your own soil take: 4 parts good garden soil, 4 parts rich woods earth (leaf mold), 1 part of sand or vermiculite, 1 part peat moss, 1 part very rotted cow manure. You'll have to sterilize by baking this one hour at 250° to remove the nuisance of worms or weed seeds. I should say here that you must hide all fertilizers before you start, lest you be tempted or carried away with enthusiasm in this important mixing process!

Holly

Isn't the foliage pleasingly different?

Violet enthusiasts

who regularly visit our greenhouses are intrigued by Holly and Oriental, but since their introduction, all available stock has been reserved for sale to our mail order customers! Kindly give us your instructions in case we're sold out again.

POKON PLANT FOOD

"Imported direct from Holland"

**DOES NOT CONTAIN CHLORIDE
WHICH BURNS THE ROOTS**

We use Pokon in our African Violet greenhouses regularly. Our customers who have used this product from Holland for eight years send us unsolicited testimonials like this one received "I just had to drop a line about Pokon. I have had wonderful results. All my neighbors just "Oh" and "Ah" about the large and many blooms on my violets. Some of them are common kinds but they surely don't look it when I use Pokon."

If YOU have had trouble getting your African Violets to bloom, the trouble might lie in the fertilizer you have been using, for violet roots are tender and chloride and wrong fertilizer can ruin your collection in no time at all.

Here's what you should do. Compare the analysis of Pokon (16-21-27) with whatever you've been using, and notice the high concentration of nutritive elements which has made Pokon world known. Pokon dissolves instantly and completely. Odorless. Simply dissolve a teaspoon of the crystals in a quart of water, use this every other week. Left over solution can be saved till used up.

Here's what Pokon costs: Just 4 cents a plant a year! You must feed your plants for biggest flowers, and you will notice the difference at once, for Pokon promotes stronger root systems and richer darker foliage, PLUS longer lasting flowers!

Red King

- *Deepest red so far
- *Holds its color
- *A profuse bloomer

\$2.25

We hasten to admit that truly crimson red African Violets aren't to be had but this one is the nicest we've seen. Red King holds its color and makes a compact plant. When grown in a sunny window the foliage shows unusual darkness!

As in the past, we have looked carefully at all the "newer" reds that have been named, and we still believe that Red King outdistances all others. The picture above shows its neat growing habit, and it is easy to bloom, with eight and more buds and flowers per stalk, held well above the foliage. Red King holds its color evenly (remember, it's not a fireman's red), and young plants are covered with claret-to-wine good sized flowers. Very aristocratic!

We sell new varieties for those who want the latest sorts and also the exquisite kinds that are just a few years older which have stood the test of time, and priced lower. You can rely on our descriptions!

A customer wrote us: "I'm glad I sent in my order soon as your catalog arrived. Your packing was just grand, and my plants arrived yesterday. They were so nice and fresh that my neighbors would hardly believe they came from such a distance."

The flowers seem to be cut with a tiny pair of pinking shears, are a true scarlet, that appear on the new stolons as well as the mother plant.
